

October 14, 2011

Dear Clareview Facility User,

Construction is underway on the new Clareview Community Recreation Centre and Clareview Library.

We are committed to keeping the arenas open for the 2011-2012 winter season. Public safety is a priority as work begins adjacent to the existing building.

Parking

- During this time parking at Clareview will be limited.
- A portion of the parking lot is being used to support construction.
- 106 stalls remain available for public use.
- Parking along 139th Avenue is permitted unless a snow route ban is in effect.
- We are working to secure a winter parking lot for use after the ground freezes.
- Please encourage your participants to carpool or drop-and-park.
- Participants should allow themselves extra time when arriving at Clareview.
- Bylaw will continue to enforce parking regulations along emergency access/no parking routes in the existing parking lot.

Arena Closure

The arenas and hall will close April 15, 2012 for renovation work and are scheduled to reopen in early 2013.

Thank you for your patience while we work to serve you better.

Information about the new amenities at Clareview and project updates can be found at www.edmonton.ca/ClareviewHub

If you have any questions about the project please call 311.
